Simulation in Motion Montana, Inc. Invitation for Board of Director Nominations

Montana is the recipient of a \$4.6 million Leona and Harry Helmsley Charitable Trust grant to implement Simulation in Motion Montana. Initial funding was devoted to purchase:

- three trucks with slide outs in the front to simulate an emergency room and a compartment in the back to simulate an ambulance
- Suites of CAE high-definition adult, child, baby and OB manikins for each truck

The grant also includes startup funds for staff, supplies, fuel, insurance, etc. This funding covers 100% of operations in year one, 66% in year two and 33% in year three.

While this grant was awarded to the Department of Public Health and Human Services, DPHHS proposed that this program be implemented and governed through a 501(c)3 non-profit corporation. Simulation in Motion Montana, Inc. was formed in early 2017 with a mission to deliver workforce-related activities, educational opportunities, improved healthcare provider competence and a team approach to the delivery of healthcare.

MobileSim Montana subsequently issued an RFP for a project management entity to manage day-to-day operations (hire and train instructors, maintain trucks and manikins, schedule events). Best Practice Medicine from Bozeman was awarded a contract for these services late spring of 2017.

Governance of the corporation is provided by a Board of Directors with support from an Advisory Committee representative of users of this program. MobileSim Montana is currently seeking applications for persons interested in serving on the board. This is an exciting opportunity to be a part of this new Montana endeavor.

Persons with backgrounds and expertise in various levels of healthcare, business and strategic planning as well as the public are welcome. The board meets quarterly (preferably in person) with opportunities for committee meetings in between as needed. Directors serve three-year terms and they receive no compensation other than reasonable reimbursement for travel expenses.

Please visit <http://MobileSimMontana.org> for additional information and a Director application. Feel free to contact any board member or Jim DeTienne, EMS & Trauma Systems, jdettienne@mt.gov, 444-4460 for additional questions.

Simulation in Motion Montana, Inc. Application for Board Director

Please provide additional information below. Upon receipt of your application, you may be contacted for additional information or to further orient you to MobileSim Montana. Nominations will be sent to the board and voted on at their next available board meeting. Directors take office immediately following the close of the meeting at which they are elected.
